

Digital Challenge – Judging Sheet

File Name:

School:

Projects should be judged to the following criteria on a scale of 0-5. Place an 'x' in the relevant box and then add up the scores for a final score.

Story telling / overall engagement

0 – The project was confusing and not interesting to engage with

5 – The project was very engaging and/or entertaining and/or informative

0	1	2	3	4	5
---	---	---	---	---	---

Digital Coding (Click on the 'Look Inside' button to see the coding)

0 – The project only used a small number of different programming blocks/evidence of coding

5 – The project used programming blocks/coding in interesting ways and went beyond what was provided in the module videos

0	1	2	3	4	5
---	---	---	---	---	---

Community Engagement

0 – The project had no relevance to the community

5 – The project was extremely relevant to the community

0	1	2	3	4	5
---	---	---	---	---	---

Content Accuracy

0 – The project included information that could not be verified

5 – The project utilised factually accurate information

0	1	2	3	4	5
---	---	---	---	---	---
