

# ORESOME TRADES CAMP

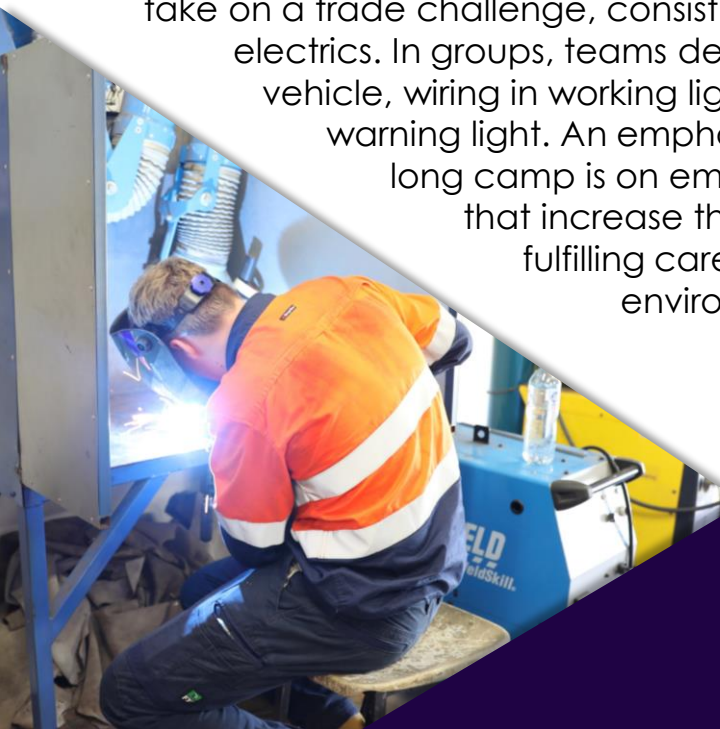

2023

23 – 27 OCTOBER 2023

BUNDAMBA STATE  
SECONDARY COLLEGE

The Oresome Trades Camp caters for students from South-East Queensland QMEA partner schools who are interested in pursuing a career in engineering trades. This camp has been made possible through financial support provided by the Queensland Resources Council education levy.

Working alongside industry professionals in a range of trade areas, students take on a trade challenge, consisting of light metal fabrication & auto electrics. In groups, teams design & build a model mine-site vehicle, wiring in working lights, indicators and a rooftop warning light. An emphasis throughout the week long camp is on employability & the skills that increase the capacity for a fulfilling career in a trade environment.

**“The students that were selected worked really well together for not knowing each other before. The program was very involving for everyone which was good.”**

- Industry Representative,  
Oresome Trades Camp

“An amazing opportunity for students to gain a real insight into the minerals and energy sector. Well run and very enjoyable!”

- Teacher, Oresome Trades Camp

“[This program provides] real-life experiences transitioning from classroom to workplace.”

- Teacher, Oresome Trades Camp

## PROGRAM DATES & DETAILS

SEQ Oresome Trades Camp  
(October 23-27, 2023)

Bundamba State Secondary College

Students will be required to arrange transport (at their cost) to and from the camp daily, as well as provide lunch and wear appropriate pants and steel-cap boots. An Oresome Trades Camp work shirt will be provided to all participants.

For more information about this program, please email [ashleyb@gmea.org.au](mailto:ashleyb@gmea.org.au).

## » APPLY NOW!

Positions in this camp are limited and are selected on merit. Applications close 5pm Thursday 7 September 2023.

Please visit this webpage to download the application pack and to submit your application:
